

# TURKEY ASSOCIATION OF BIOTECHNOLOGY

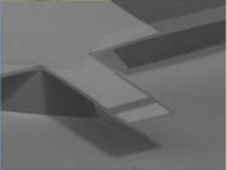

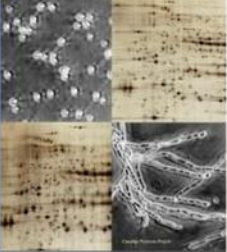

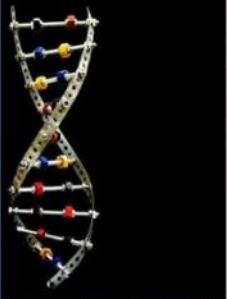

Biotechnology Association is established in 1986 to contribute the introduction of biotechnology in Turkey. Association commits the attempt of making biotechnology conception as a part of state policy in Turkey as in developed countries as a mission.

Biotechnology Association is an institutional member of European Federation of Biotechnology as a national association. Association has nearly 450 member country-wide. Members of association are generally composed of scientists and industrial employee that study in the agricultural biotechnology, industrial biotechnology, food biotechnology, medical biotechnology, pharmaceutical biotechnology and environmental biotechnology branches.

Biotechnology Association ensure coordination between biotechnology industry employee and scientists. Also by organizing national and international congress, symposiums and conferences biotechnology association provide information flow between these members.

## Administrative Board

Director : Prof.Dr. Hüseyin Avni Öktem

Assistant Foreman : Prof.Dr. Cumhur Çökmüş

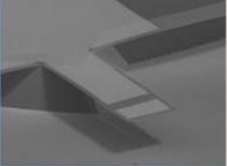

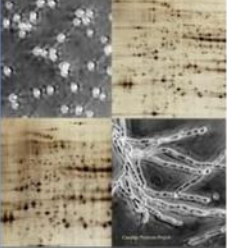

Secretary : Abdullah Tahir Bayraç

Accountant : Oya Ercan

Members : Dr. Serdar Tuncer

Dr. Füsun Eyidoğan

Musa Kavas
